- Future of Wasatch Hollow Community Council
  - This item is intended to be a serious discussion of the purposes and performance of our community council and how to proceed—continue as is, merge with a neighboring council, or discontinue. If there is sentiment for merging or discontinuing, the matter will be put forward to the community for a vote at our annual general meeting in February.
- Annual election of officers – February annual general meeting.
  - This will be a call for community members to stand for election and give the current long-serving members of the executive board a break!
